

## Social Action Plan

Thank you for participating in the 2016 Youth Leadership Expo. You've learned a lot about what it means to be a leader and now is your opportunity to put what you've learned into action.

### **YOU ARE #WhatALeaderLooksLike!**

Of what you've learned today, what is one thing that will stick with you?

---

---

Make a list of your top strengths or things you love to do.

---

---

What are you passionate about? Are there problems in your community or the world that you'd like to see changed for the better?

---

---

Make a list of organizations or keywords that you can search online related to causes that are important to you. If none exist, why not start your own!
